HELP

THE BASICS

TIK~LING

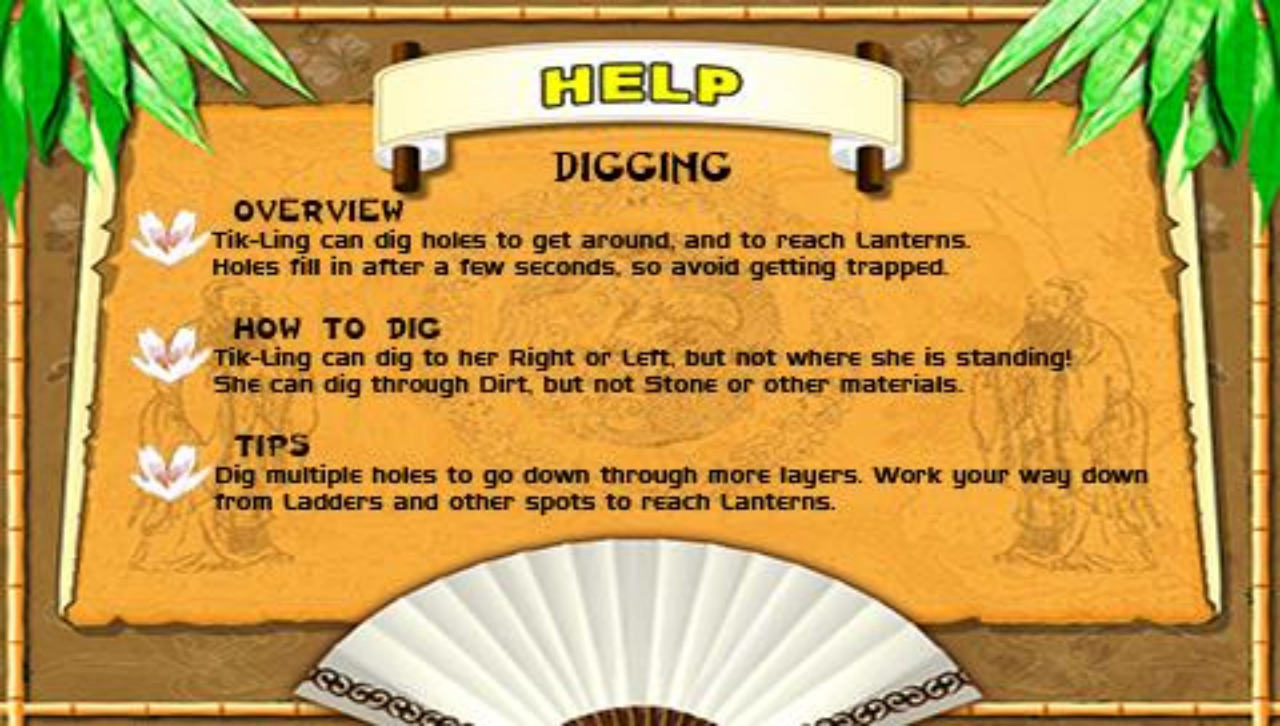

Tik-Ling is the Hero of our story. She is a young Panda trying to escape back to her Bamboo Forest home.

OBJECTIVE

Help Tik-Ling return home. Run over the Lanterns to light them and open the Escape Portal! Tool bar shows how many Lanterns remain.

GETTING AROUND

Tik-Ling can run Left and Right, climb Up and Down ladders, swing across vines, and fall from anywhere and any height.

The background is a parchment-like scroll with a brown border. At the top, a yellow banner with a black outline contains the word "HELP" in bold, yellow, block letters. Below the banner, the word "DIGGING" is written in a large, bold, black font. The scroll is decorated with green leaves at the top corners and faint, stylized drawings of figures in traditional Chinese attire. At the bottom, a white, fan-shaped object is partially visible.

HELP

DIGGING

A small, stylized pink flower with five petals and a yellow center.

OVERVIEW

Tik-Ling can dig holes to get around, and to reach Lanterns. Holes fill in after a few seconds, so avoid getting trapped.

A small, stylized pink flower with five petals and a yellow center.

HOW TO DIG

Tik-Ling can dig to her Right or Left, but not where she is standing! She can dig through Dirt, but not Stone or other materials.

A small, stylized pink flower with five petals and a yellow center.

TIPS

Dig multiple holes to go down through more layers. Work your way down from Ladders and other spots to reach Lanterns.

HELP

THE TILES

DIRT

Dirt is the most basic tile. Tik-Ling can dig holes in it, and blow it up using Bombs and other tools.

STONE

Stone is tougher than Dirt. It can only be removed with special tools, and Tik-Ling can't dig holes in it.

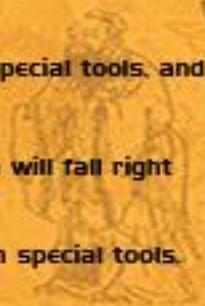

INVISIBLE HOLE

Some tiles look like Dirt, but anyone that runs over them will fall right through.

WATER

Water slows everyone down. It can only be removed with special tools.

HELP

SPECIAL TOOLS

OVERVIEW

Tik-Ling will find special Tools to help her escape.

BOMBS

Bombs blow up Dirt temporarily, as well as Tik-Ling. Run over Bombs to grab them, and use Bombs to place them.

OTHER TOOLS

Pick, up, drop, and swap Tools with the Pick up/Drop key. Active them with the Use key. Tik-Ling can carry only 1 Tool at a time.

HELP

SPECIAL TOOLS AND TILES

BOMB

Use bombs to make temporary holes in Dirt. The toolbar shows how many bombs remain.

DYNAMITE

Dynamite blows up everything permanently - be careful not to blow up things you need! Dynamite can only be used once.

KEYS

Tik-Ling can use colored Keys to unlock matching Doors - make sure they are the same color. Keys can only be used once.

HELP

TORNADO

Tornados turn Tik-Ling into a stone drilling machine!. Tornados can be used many times.

BRIDGE

Bridges help Tik-Ling across gaps. Connect more than one Bridge for a longer span. Bridges can be built once, but remain in place permanently.

CRUMBLING BRIDGE

Crumbling Bridges collapse after Tik-Ling walks over them. Make sure to use them in the right order.

TELEPORTER

Teleporters move Tik-Ling from one place to another. Teleporters can be used many times.

HELP

ZOO KEEPERS

OVERVIEW

Tik-Ling must avoid Zoo Keepers that are always trying to trap her.

TRAPPING

Dig holes or use special tools to trap Zoo Keepers. More holes trap more Zoo Keepers.

LANTERNS

Zoo Keeper pick up Lanterns, but drop them when trapped.
